REISSENDE
TIERE

Our Riesling Renano single varietal grappa is the fruit of the finest distilling in discontinuous alambicchi a bagnomaria, or double boilers. The work of "Kaiser" Vittorio Capovilla. The fresh, drained and fermented marc comes from four municipalities - Calvignano, Montalto Pavese, Mornico Losana and Oliva Gessi - and worthily represents the heart of the valley of Riesling Oltrepo. The meticulous care taken throughout its production ensures that our grappa has all the fragrance, soul, body and "spirit" of the grape and this land.
